Juror #9

My father was involved by stock brokerage here in Ft Lauderdale. Broker charmed his account until nothing was left. Went to see manager of brokerage - was told there was nothing I could do about it!

My father was involved in Mutual Funds and investments. IRS agent had him sign a paper to take funds out of his Social Security. My father was not of sound mind at the time of his signing document. He had nothing left to live on. My father passed away a short time later.

I have been treated for insomnia and stress and am under a doctor's care now.

I have been arrested for traffic offenses and BE but not convicted. Problem with business partner 32 yrs ago.
